

# Library catalogue guide

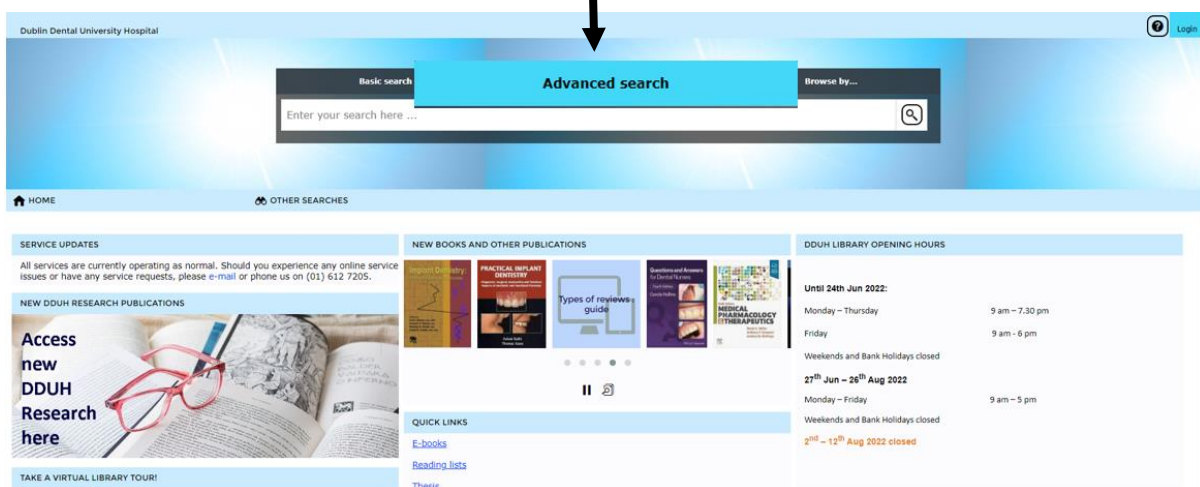

## Advanced Search

Find books, e-books, journals, e-journals, reports, audio-visual materials etc.

Access from the Library website <http://www.dentalhospital.ie/education/library/>. For some features of advanced searching, you will need to be logged in to the catalogue. You will be prompted for your Athens login to access e-books and e-journals where necessary.

### Advanced search

Select the Advanced Search either here:

Or here:

## Search options

Enter your search terms into any of the fields you want to search and click . You can use any combination of search fields. Subject field searches for MeSH headings. If you want to do a keyword search instead, use the Main search field.

## Search tools

Choose from the following – defaults to best match:

Search Across

Find best match

- Find best match
- Find all words
- Find any of the words
- Find the phrase
- Find exact match

## Search tool definitions

- |                  |   |
|------------------|---|
| Best match       | presents matches in the order of Exact Match, the phrase, all the words, any of the words.                                    |
| All words        | performs a Boolean “AND” search, looking for resources that contain all of the words specified, but not necessarily together. |
| Any of the words | performs a Boolean “OR” search where at least one word out of several words in a search query will be in a resource.          |

Phrase	searches for resources that contain the specified terms in the specified order. It is the same as putting search terms into quotes (“”).
Exact match	only displays records that are a 100% match for the entered search term. It will not display a result when the terms used are part of a larger title or subject etc.

## Limits

A screenshot of a search interface showing limit options. On the left, a dropdown menu labeled 'Search Across' is set to 'Find best match'. To the right, there are three checkboxes: 'Documents' (unchecked), 'Include Non-Physical Items' (checked), and 'Search within current results only' (unchecked).

**Search within current results only** refines a search via the criteria in Advanced search for the current list result

**Include non-physical items** defaults to ticked, if unticked excludes online resources , websites etc.

**Year From Year To** restricts to a particular publication date range

A small form element for 'Year From' consisting of a text input box followed by a hyphen and another text input box.

**Collections** limits by collection in which resource is located

A dropdown menu titled 'Collections' with a scrollable list of options: 'Library Desk', 'Reports', 'Special Collections', and 'Thesis'. The menu is currently open, showing the list.
